

## Flying Academy

### Multi-Crew Cooperation (MCC)

The aim of the MCC course is to train students to operate effectively in the Multi Crew environment. The objectives of MCC training are to foster optimal behavioral aspects, such as decision making, communications, division of tasks, use of checklists, mutual supervision, teamwork and support under normal/abnormal/emergency conditions. The training emphasizes the development of non-technical skills which are applicable to working in a multi-crew environment.

<b>DURATION</b>	2 weeks
